

## Dudley Reiser Summer Fisheries Experience Fellowship at the University of Idaho

Dr. Dudley Reiser received his PhD from the Dept of Fish and Wildlife Resources in 1980. In 1992, he co-founded R2 Resource Consultants which was purchased by Kleinschmidt Associates in 2021. He is currently a senior science advisor at Kleinschmidt. Dudley funded this fellowship to make summer research experiences more accessible to all students.

The recipient of this award will benefit through fisheries-related, hands-on, professional experience with state, federal, tribal agencies or private corporations. Individual awards typically run \$1000-4000 and can be used to cover travel to summer internship, food, a salary stipend or other justified requests.

To apply, please submit in a single PDF, by **May 1**, your resume, unofficial transcripts, and a letter of intent describing the title and duties of the position you will accept, rate of pay, housing and per diem, the amount of funds requested, and why you are taking the position over one that pays more. Explain how this position will help you reach your career goals and why the scholarship is needed to make it possible to accept the position. **Early applications are encouraged** and have a higher probability of being funded.
