Disposed after [🗓]

All parameters are optional, and leaving them blank will potentially return a very large amount of data. Entering any combination of parameters will narrow your search results.

You can enter any level Orgn code for the "Responsible Orgn" parameter.

Both the "VIN" and "License Plate" parameters are case insensitive, and you can enter any portion of the value you are searching for to return results. For example, if you are searching for a License Plate of X3706, you can enter "x37" and the query will still work.

The "Acquired after" parameter is recommended when running the "List of Vehicles Purchased after Date" report.

The "Disposed after" parameter is required for the "List of Vehicles Disposed" report.
