How do you like the two sided layout? Is there something we can do to make it beneficial and helpful for all? **Please read the newsletter and send feedback to the office.**

-Also, write down suggestions and changes for next year and talk to superintendents so they can be presented to the livestock committee in the fall.
11. Ryan Taylor-parking plans for fair. **Instead of parking trailers in the back lot, they will need to be parked on 5**

acres that the city owns south of the Wastewater Treatment Plant on Hiland. The county has permission from the city to use the lot just before and after the fair for livestock trailers and semis for the rodeo. They will have some sort of security. Clubs must choose how to get feed from the trailers to the animals-please note that side-by-sides without proper registration can be ticketed for driving on city streets. In the 4-H lot at the fairgrounds, the white gate at the back is for emergency access, even if it is locked, **and can not be blocked ever!** There could be one way traffic to get onto Hiland-vehicles will have to go North to reduce congestion at Hiland and Highway 30/Main Street. Contact Ryan with questions or comments to take back to the fairboard.

Meeting adjourned: William Holt 2nd: Linda Holt

FCS:

1. Style Revue will be at the Best Western this year? July 27th. Possibly at the Best Western again. Judging could be from 4:00-5:30 p.m. with the show for spectators at 6:00. Options were discussed for an MC and possible judges. Also discussed the idea of hosting a Style Revue workshop at the office for kids to have a learning opportunity before the revue. Maybe DYW would help teach the kids to walk and turn, etc. One was held in the past and not a single 4-Her came, so there would need to be some commitment from youth before people are asked to help.
 2. Needed space for booth assignments for fair.
 3. Looking for help for the CSI Science Camp, June 20th and June 21st. Send names to Rosie.
 4. Looking for help for the 4-H day at the Lunch in the Park on June 15th. Send names to Rosie.
- Record Books: Wyoming has a simplified record book. The state is slowly moving towards something like that.
-The office is willing to do more 4-H outreach like the one Erin organized for Oakley for Homeschool groups and others. Talk to the office if you are interested in planning something like that. The Oakley activity was amazing!
