COUNTRY OF ORIGIN LABELING (COOL) AFFIDAVIT

COOL Law became mandatory September 30, 2008. 4-H & FFA market livestock (sheep and goat) projects must provide information to document animal origin to buyers. All projects should also maintain a record of animal (s) sold one year from the date of sale. This information must be completed and turned in at the time of the initial weigh-in. You must provide one form per animal. As an affidavit is deemed by USDA as an official record of Country of Origin, I attest through first-hand knowledge, normal business records, or producer affidavit (s) that all livestock referenced by the "Bill of Sale" are of _____ Origin. (list country in space, example--USA)
