Summer Outdoor Activities for Youth

Story by Will Weygint

AmeriCorps 4-H Positive Youth Development Youth Instructor, Teton County Extension Office

If you are anything like me, March is a month of anticipation. The days get longer and warmer, birds and other wildlife are more active, and there is a feeling of growth and renewal in the air. Yes, there is still snow on the ground. But by March my thoughts are not on the snow. Instead, they are on the upcoming spring and summer, and the excitement that comes with it. This is the time of year I crack open maps and guidebooks to begin planning my outdoor summer adventures. While I always plan more than I can ever do in one summer, the anticipation of getting outdoors is always exciting.

Getting outside is important for everyone, especially children. In this increasingly mechanized and technological world it is far too easy for kids to sit indoors watching a screen during the long days of summer. Spending time outdoors can benefit children both mentally and physically. Time outside can keep children healthy while they practice creativity. Children can develop problem-solving skills while building confidence and independence. All these traits are important for children as they grow older.

With all these benefits, it is important that youth programs and those who work with children provide kids the opportunity to get outside. These opportunities can take many forms, from organized sports camps, hiking adventures with friends, and free play at the local park. Having a good mix of

organized activities and unstructured free play is important. Different types of activities allow children to develop a variety of skills. The bottom line is this – children should have lots of opportunities to get outside and have fun.

At 4-H, there are many clubs and activities that allow youth to get outside. Hiking Club allows youth to explore local trails with friends and experienced club leaders, while learning skills so they can hike on their own. The Conservation and Ecology Club, which is new this year, lets youth members explore local plants, wildlife, and their habitats.

Other upcoming summer outdoor events include the multi-day 4-H Alpine Camp and ABC 4-H Friday Day Camps. Many 4-H clubs, including llama, goat packing, and shooting sports, hold outside meetings. Giving youth opportunities to experience the outdoors. If you have questions or would like to know more about Teton County 4-H, please stop UI Extension, Teton County, we would be happy to answer your questions.

Spring and summer are great times to explore the outdoors. With warm weather looming, I get excited thinking about all the adventures that are possible here in Teton County. I am also excited about the many opportunities that 4-H is providing this summer to help children experience the outdoors too. We hope your child can join us on some of these outdoor adventures.

Teton County Extension Educator Jen Werlin Nominated for Research Award

Jennifer Werlin, University of Idaho, Teton County Extension Educator has been nominated for the first annual University of Idaho Office of Research and Economic Development (ORED) Research Award. This award recognizes faculty members at the University of Idaho that have worked hard and demonstrated an exceptional ability to contribute to research in their respective fields.

Jennifer is being recognized for her contributions to educational programs that have benefited people in Teton County and elsewhere in Idaho. Awards will be announced during a ceremony on the University of Idaho campus on April 1.

Congratulations to Jennifer Werlin for her nomination! Teton County Extension is excited for her nomination and to see how her future research continues to benefit the people of Teton County and beyond.

The University of Idaho is seeking a student to assist with research, outreach, and ranch operations at Rinker Rock Creek Ranch. The ranch is a 20,000-acre property west of Bellevue, ID managed in cooperation with The Nature Conservancy and the Wood River Land Trust and located within a 40-min drive of the Sawtooth National Recreation Area. Interns will work with a team of researchers, graduate students, ranch staff, and partner organization staff on projects related to wildlife resources, livestock management, rangeland monitoring, and riparian restoration. This position is an exceptional opportunity to broaden a student's professional network and gain hands-on experience in the field.

Dates of Internship: Late May - Early August **Pay Rate:** \$17/hr. Full time (40 hr/week.) Holidays off

JOB DUTIES:

- Collect data for a variety of rangeland and livestock research projects
- Organize and advertise Sagebrush Saturday outreach events, including coordinating invited speakers for educational topics, planning and managing day-of logistics, outreach and advertisement to local communities
- Data entry and management as needed to support on-going research
- Assist ranch staff (*Operations Manager, Cattle Manager*) as needed with ranch stewardship and cattle management including: identifying and mapping areas of invasive plants, flagging and fixing fences, monitoring stream flow and temperature, improving ranch signage and working to educate recreational users at the ranch about public access
- Participate in Advisory Board Meeting, assist with organization and planning prior to the day-long meeting, interact with representatives of 11 stakeholder groups at the meeting held in June at the ranch.
- Work outdoors and live in a wall tent at the ranch camp with other interns, graduate students, and faculty

REQUIRED QUALIFICATIONS:

- Must be 18 years or older and graduated from high school or equivalent.
- Must have completed a minimum of one semester (*12 credits*) within the last year at one of the eight Idaho public universities or colleges, and currently enrolled for the next fall semester (*12 credits*) at one of the eight Idaho public universities or colleges.
 - Applicants who just graduated from high school or equivalent and completed a minimum of 12 credits in a dual enrollment program from one of the eight Idaho public universities or colleges within the last year may apply but priority will be given to those who meet the above requirement.
 - Private universities or colleges do not qualify.
 - Priority will be given to University of Idaho student applicants
- Have access to reliable transportation for some travel to multiple work sites. Mileage will be reimbursed when personal vehicle is used.
- Ability to pass a background check; clean driving record
- Excellent written and verbal communication skills; computer literate
- Self-starter and ability to complete a task without close supervision, willingness and ability to work outdoors in varied conditions on a working ranch

TO APPLY:

- Applications will be reviewed beginning **March 8th**; *open until filled*.
- Send: 1) Letter of interest; 2) Resume; 3) Transcripts (*unofficial okay*); and 4) Names and contacts for three references to **Cameron Weskamp** (cpacker@uidaho.edu).

For more information:
208-721-4134 ■ cpacker@uidaho.edu

TOMATO TOAST ☆☆☆☆☆

Crusty whole grain toast is a perfect companion to the bright flavor and juiciness of fresh Summer tomatoes. We used cottage cheese with our tomato toast but tomatoes go great with avocados, fresh herbs, and just about any kind of cheese.

Prep Time

5 minutes

Servings

4 slices

Calories

91kcal

EQUIPMENT

- toaster Toasting the bread is optional.

INGREDIENTS

- 4 slices whole wheat bread
- 4 tablespoons cottage cheese
- 1 tomato large, sliced
- ½ teaspoon chives chopped

Optional

- 1 pinch black pepper
- 1 pinch salt

INSTRUCTIONS

1. Wash hands with soap and warm water for 20 seconds.
2. Toast whole grain bread or try whole grain English muffins or bagels
3. Spread cottage cheese over toast slices.
4. Place tomatoes on each slice.
5. Top with tomatoes with chopped chives and a pinch of pepper and salt

FARM FINANCIAL ANALYSIS

FEBRUARY 26, MARCH 4, 11 & 18
7-8 PM MT | VIRTUAL

Join UI Extension for a Farm Financial Analysis class. Weekly instructional videos allow you to pause, rewind and apply the steps to your own company independently. Then we meet virtually as a group to answer questions and dive deeper into using these tools in your own business. Participants need access to a computer, internet and Microsoft Excel. Course links and related documents will be provided upon registration.

Topics covered include:

- Production Records
- Balance Sheets
- Income Statements
- Cash Flow, Enterprise and Partial Budgeting
- Farm Financial Analysis

Approved for FSA beginning borrower training.

COST: \$100/FARM UNIT

REGISTER: 208-529-1390 OR BONNEVILLE@UIDAHO.EDU

The University of Idaho provides and is an equal opportunity/affirmative action employer and educational organization. We offer our programs to persons regardless of race, color, national origin, gender, religion, age, sexual orientation or disability.

Online Fitness Classes University of Idaho Extension

Fitness Made Simple! Thursdays, 10:00–11:00AM MST

Chair-based seated and standing toning/strengthening exercises. Use of hand weights, resistance bands, and/or exercise balls optional. Modifiable for a variety of fitness levels.

Join Zoom Meeting: <https://uidaho.zoom.us/j/85143098244>
Meeting ID: 851 4309 8244
Passcode: 693155

Suggested Equipment

Resistance bands
1-6-pound weights
7-9-inch exercise ball

The University of Idaho does not discriminate in education or employment on the basis of human differences, as required by state and federal laws. Reasonable accommodations will be made for persons with disabilities and special needs who contact Laura Sant at least two weeks prior to the event at 561 W Oneida, Preston, ID 83263; 208-852-1097; lsant@uidaho.edu.

INTRODUCTION TO QUICKBOOKS FOR FARMING AND RANCHING

Feb. 26 & March 4, 11 & 18 | 4-5 p.m. MT | Virtual

A beginners guide to using QuickBooks Desktop Pro for your farm or ranch.

Course will cover:

Basic Accounting | Setting up a Company File | Customizing Your Chart of Accounts | Recording Transactions | Creating an Income Statement | Balance Sheets | Budgeting | and More!

This class will follow a virtual hybrid format. Weekly instructional videos allow you to pause, rewind and apply the steps to your own company file independently. Then we meet virtually as a group to answer questions and dive deeper into using these tools in your own business.

Class does NOT include QuickBooks software. Participants need access to a computer with QuickBooks Desktop Pro software installed. You can purchase QuickBooks Desktop by contacting Intuit's support team directly. QuickBooks online will work, but is not desirable for farm accounting.

Course links will be provided upon registration completion.

Approved for FSA beginning borrower training.

Register: 208-529-1390 or bonneville@uidaho.edu

Cost: \$100 per farm unit

Questions? Ron Patterson,

“Truly loving people and the challenges that we all face on a day-to-day basis are something that I believe brings the utmost fulfillment. The change that can come from causes that seek to improve the situations of others around you is what I love to do and focus on. Working with the Digital Economy Program gives me the opportunity to do what I am most passionate about”

Adam Bennion

Digital Literacy Coordinator
ACC AmeriCorps Member Serving
Fremont and Teton Counties

Hello Future Tech Changemakers,

My name is Adam, I work for Lead for America and the University of Idaho Extension. Lead for America is a nonprofit organization that focuses on Digital Inclusion and Literacy in rural communities across the country. This includes helping members of our communities learn how to use devices such as cell phones, computers, tablets, etc.. Other aspects of the program include helping people with access to affordable, high-quality internet so they can continue to live in rural communities. Lead for America is a service-oriented program seeking to help rural Idaho like Fremont and Teton Counties.

As part of this program, I have partnered with University of Idaho Extension, Teton County 4-H to lead the 4-H Tech Changemakers club. Members of the club, youth (14-18) have the opportunity to participate in serving the community through teaching community members and informing them about digital opportunities.

For prospective college applicants this is a great opportunity to log service hours and engage in opportunities to broaden your applications. For those who are seeking a way to serve the community it is a very fulfilling experience. The club requires members to serve a couple of hours a week to fulfill the qualifications required by 4-H for the certificate. A letter of recommendation by the club leader will be provided for those who would like one.

If you are interested in participating in this awesome Club, feel free to reach out to the University of Idaho Extension, Teton County 4-H. You can contact me for sign-up assistance and with any questions about the program, I am the 4-H Tech Changemakers club leader and will help you be successful.

208.343.8649 | 208.275.8603

ION GRANT AWARDED

The School Year Enrichment Grant

IDAHO OUT-OF-SCHOOL NETWORK

\$30,000

Funds will go towards 4-H specific staff, supplies, equipment, and scholarships. High-quality equipment will be purchased to help keep supplies in working order for years to come. Grant funds will pay for staff salaries and 4-H specific needs such as curriculum, equipment, and supplies that cannot be purchased with general county funds. Funds will also help support strategic planning for Teton County 4-H, with the goal of strategizing long-term financial support for county 4-H programs and scholarships for participation. Funds will support programming to not just 4-H club members, but to the under-served/at-risk youth in the after-school district program at three school locations in our county with Above and Beyond the Classroom (ABC).

Need Record Book Help?

If your kids need some help getting their record books started or not sure where to list things once they have started, we can help. Come into the office on Monday, June 3, 10, 17, 24 and July 1, 8, 15, 22 from 10am-noon for help. Please make sure the youth bring their login information once you have created an account. Please also send needed information with the youth so we can help them catch up or finish section. Remember that all youth have to have a involvement report. Call 208-776-8235 if you have question or if Mondays don't work for you. Scan QR code for tips.
