

Micah Hart - Web Coordinator

4 April 2024

Micah helped me by expediting creation of a new webpage. I discovered I was in a time crunch and needed the new webpage to go live in 2 business days. Micah was great to work with and was able to accommodate my needs. The webpage was completed well ahead of the deadline which made things easier for me. Micah did not have to complete the web ahead of schedule, but did so anyway. Thank you, Micah!

Josie Jensen - Project Manager

18 April 2024

Josie is always a team player and eager to help even when her plate is stacked full. I had a project that needed a little help to get it finished up, but no time to get to it. Josie was asked to help and had the project back to me the next day. Josie has great attention to detail and volunteers to help everyone in the group even when she has plenty of her own work to do. Josie is the prime example of going above and beyond and does this on a daily basis. Josie embodies what a true Vandal is and proves it daily among her peers. Thank you, Josie, for all you do, You Make a Difference.

Paul Rumelhart - Assistant Director

19 April 2024

This past year Paul joined OIT staff working as part of an Agile Scrum team and has served as a trusted partner and mentor, always willing to jump in and help, learn new things, and serve as a positive role model and support for others. After nearly 30 years with the University of Idaho, Paul still comes to work every day with a positive attitude, and enthusiastically embraces change and new ways of doing things. He is a rare combination of excellent technical skills, creativity, and a genuinely wonderful person to work with. I just wanted to take a moment to say Thank You! to Paul for his contribution to the university.

Student Financial Aid Services & OIT

22 April 2024

I am thrilled to announce that our Student Financial Aid Services has reached a significant milestone today with the successful launch of our first 17 Softdocs forms! This achievement couldn't have come at a better time, as we are now well-prepared for the upcoming 2024-2025 aid year. I want to extend my heartfelt gratitude and a huge round of applause to Josh Escusa, Skye Swoboda-Colberg, Trevor Humble, and Cassie Smith for their tireless dedication and hard work in making this milestone possible. Their commitment and expertise have been instrumental in driving us to this point of success. But we're not stopping here! With 27 more forms on the horizon before the fall term begins, I have every confidence that our team will continue to excel and deliver exceptional results. Once again, a big congratulations to everyone involved in this endeavor. Your diligence, teamwork, and unwavering commitment to excellence are truly commendable.
