I completed working with Nicolette Salas to revamp the tutoring schedule webpage, and it was a fantastic experience from start to finish. Nicolette demonstrates a clear focus on improving the student experience both in person and online. Working with her is energizing thanks to her maintained sense of purpose and progress toward desired outcomes, along with her flexibility as we discovered better options in the process. Carry Salonen - Risk Analyst

26 January 2024

Carry has the responsibility of managing all of the multiple recent property damage claims, and has been working with internal groups, adjusters, and contractors to provide damage mitigation and damage recovery. The recent freezing weather called for a very high level of service and Carry rose to the challenge. With her help, the university can get through the losses and return to its pre-loss conditions. And she is very kind and professional throughout the whole process.
